10.1 Normally a student should complete all the requirements for undergraduate programme in eight semesters. However, academically weaker students who do not fulfill some of the requirements in their first attempt and have to repeat them in subsequent semester(s) may be permitted up to 12 consecutive semesters (from the first semester registration) to complete all the requirements of the degree.
However, if a student is granted a withdrawal for one or more semesters on medical ground the withdrawn semester(s) will be counted towards the maximum duration of stay at the Institute.

10.2 In case a student fails to complete the B.Tech course within the maximum limit of 12 semesters the case will be decided separately with the approval of the competent authority.

TEMPORARY WITHDRAWAL FROM THE INSTITUTE

11.1 A student who has been admitted to an undergraduate programme of the Institute may be permitted to withdraw temporarily from the Institute on the grounds of prolonged illness or grave calamity in the family for a period of one semester or more, provided:

(a) He/she applies to the Institute within at least 6 weeks of the commencement of the semester or from the date he/she last attended his/her classes whichever is later, stating fully the reasons for withdrawal together with supporting documents and endorsement of his/her guardian.

(b) The Institute is satisfied that, counting the period of withdrawal, the student is likely to complete his/her requirements of the B.Tech. degree within the time limits specified in para 10 above.

(c) There are no outstanding dues or demands of the Institute/ Hostel/ Library/NCC/NSO.

11.2 A student who has been granted temporary withdrawal from the Institute under the provisions of para 11.1 will be required to pay fees/charges (except tuition fees and hostel dues) till such time as his/her name is on the Roll List. However, fees once paid will not be returned.

RESTRICTION/TERMINATION FROM THE PROGRAMME

12. A student is required to leave the Institute on the following grounds:

If at the end of any two semesters (one academic year) a student has scored "F" and "FA" grade in 4(four) or more theory subjects, he/she will not be permitted to register for the next semester subjects and will have to register for those subjects in which s/he scored "F" grades in the first two semesters. Also for improvement he/she may

(a) If a student is absent for more than 6 (six) weeks in a semester without sanctioned leave his/her name will be struck off the rolls.

(b) A student may also be required to leave the Institute on disciplinary grounds on the recommendations of the Students Disciplinary Committee.

**GRADING SYSTEM**

13.1 Based on the performance of a student, each student is awarded a final letter grade in each subject at the end of the semester. The institute follows an absolute grading system and has separate scale for theoretical and practical subject. The letter grades and the corresponding grade points are as follows:

In addition, there shall be two transitional grades 'I' and 'X' for the students against whom disciplinary action remains pending.

13.2 A student is considered to have completed a subject successfully and earned the credits if he secures a letter grade other than 'I', 'X' or 'F' in that subject. A letter grade 'F' in any subject implies a failure in that subject.
13.3 A student will be considered as Failed in a subject if s/he is not allowed to sit for the examination due to shortage of attendance. To differentiate this with normal failure it will be shown as "FA" in the grade card.

13.4 **THE TRANSITIONAL GRADES 'I' AND 'X'**

(a) The teacher of a subject may award the grade 'I' to a student if the latter was compelled to absent himself from the end semester examination on account of (i) Illness or accident which disabled him from appearing at the examination. (ii) A calamity in the family at the time of the examination, which, in the opinion of the Institute, required the student to be away from the campus.

A student will be eligible for the award of grade 'I' only if his/her attendance at classes and performance in other components of assessment are complete and satisfactory.

(b) The teacher of a subject may award the grade 'X' to a student if the overall performance of the student in the course is good, but is likely to get grade 'F' based on his/her end semester examination.

(c) All 'I' and 'X' grades awarded by teachers must be converted by them to appropriate letter grades and communicated to the Academic Section (through Head of the Department) within two days of the respective make up examination. Any outstanding 'I' and 'X' grades two days after the last scheduled make up examination will be automatically converted to an 'F' grade.

13.5 A *Semester Grade Point Average (SGPA)* will be computed for each semester as per following formula :-

\[
SGPA = \frac{\sum_{c=1}^{n} C_i G_i}{\sum_{c=1}^{n} c}
\]

Where,

- \(n\) is the number of courses registered during the semester.
- \(C_i\) is the number of credits allotted to a particular course, and
- \(G_i\) is the grade points corresponding to the grade awarded for the course.

13.6 A *Cumulative Grade Point Average (CGPA)* will be computed at the end of each semester as per following formula:-

\[
CGPA = \frac{\sum_{i=1}^{n} c_i S_i}{\sum_{i=1}^{n} c_i}
\]
Where,
\[ S_i \] is the SGPA of the corresponding semesters.
\[ C_i \] is the total credit of the corresponding semesters.

13.7 Both SGPA and CGPA will be rounded off to second place of decimal and recorded as such. Whenever these CGPA are to be used for the purpose of determining the merit ranking of a group of students, only the rounded off values will be used.

13.8 When a student gets the grade 'I' or 'X' for any course during a semester, the SGPA for that semester and the CGPA at the end of that semester will be tentatively calculated ignoring 'I' and 'X' graded course(s). After conversion of 'I' and 'X' grade(s) to appropriate grade(s), the SGPA and CGPA of that semester will finally be recalculated after taking the converted grade(s) into account.

13.9 There are, however, a few other academic requirements for undergraduate programmes where student will be awarded following two grades viz., `1\textsuperscript{3}’ — Passed and `NP’ — Not Passed. All non-credit subjects (such as field visits and Extra Academic Activities) belong to this category. No grade points are associated with these grades and performance in these subjects is not taken into account in the calculation of the SGPA or CGPA. However, the award of the degree is subject to obtaining a `1\textsuperscript{3}’ grade in all subjects.

13.10 There will be a grand viva for the B.Tech final year students of all branches of engineering. In such grand viva an industrialist with academic background or an academician with industrial background will invariably be invited to remain present and take part in the viva-voce examination.

13.11 After the successful completion of vocational training each student will have to submit a report in their respective Department. This will however be a non-credit subject.

**ASSESSMENT OF PERFORMANCE**

14.1 There will be continuous assessment of a student's performance throughout the semester and grades will be awarded by the teacher concerned or the appropriate committee appointed for this purpose on the following basis.

(a) In case of
(i) Theoretical subjects, the evaluation will be based on teachers assessment, quizzes, mid semester examination and end semester examination, and
(ii) Sessional subjects (Laboratory/Design/Drawing/Workshop etc.), the evaluation will be on the basis of attendance, assessment of the tasks assigned and the end semester test/viva.

(b) The evaluation of the project work will be based on sessional work assigned by the teacher, seminar, project report and project evaluation committee's assessment (also see para 14.2 below)

(c) In case of other requirements such as seminar, comprehensive viva voce, extra academic activities etc. as determined by the grade awarding authority.

(d) The mid semester and the end semester examination will be conducted centrally by the Examination/Academic Section of the Institute in every semester. The details of modalities for the internal assessment will be as follows :-

   The class test or quizzes will be organized by the teachers concerned.

(e) The weightage assigned to different components of assessment should be announced by the concerned teacher(s) in the beginning of the semester.

(f) The results of performance of the students in the mid semester examination shall be announced by the teachers of the subjects concerned within a fortnight of the examination. The teachers will also show the answer-scripts to the students if they want to see within a period of 15 days from the next day of the end of Mid Semester examination.

(g) The final grades for a subject must be submitted after the end semester examination by the concerned teacher(s) individually to the Controller of Examinations within 7(seven) days from the next day of the end of End Semester examination

14.2 EVALUATION OF PROJECTS:

(a) The project work is normally in two stages, each spread over a semester. At the end of first stage the student is required to submit a preliminary report of his/her work by a prescribed date to the Project Coordinator, Secretary, DUPC and present it to an Internal Project Evaluation Committee. The second stage of work is continued in second semester.

(b) (i) The Chairman, DUPC will submit to the academic section the names of the project examiners at least two weeks before the submission of the second stage project. Three unbound typed copies of the project report one for each examiner, prepared according to the prescribed format available in the academic section will be submitted to the Department at least one week before the probable date of oral examination.
(ii) The Department will record the date of submission of the project and arrange to send the project reports to the examiners. The project coordinator will inform the date of the oral examinations to the examiners and send a copy to the academic section. The project will be evaluated by the Project Evaluation Committee and the result will be submitted to the Project Coordinator, who in turn will forward it to the Academic Section.

(iii) On successful completion of the oral examination, each student will be required to submit corrected bound copy of the project report one each to the Department and the supervisor(s).

(c) Extension of time usually not exceeding 3 months from the announced last date for submission of the project report may be granted by the DUPC in the case of students with insufficient progress in the project work. In such a case the concerned students will be temporarily awarded 'I' grade. Further, if the reports are not submitted within the allowed period of time, the 'I' will be automatically converted to 'F' grade.

(d) Those who fail in the first stage assessment will be required to re-register for the first stage in the following semester. Likewise, those who obtain an 'F' grade in the final (second stage) assessment will be required to re-register for it in the subsequent semester (including summer semester).

14.3 The evaluation of performance in Extra Academic Activities will be done by the section of Dean(SW) and will communicate grades to the Examination Section.

METHOD OF AWARDING LETTER GRADES

15.1 The teacher(s) shall submit two copies of letter grades to the Head of the Department to which the subject belongs, by the due date specified in the Academic Calendar. Head of the Department will forward all grades to the Academic Section by the due date specified in the calendar.

15.2 All evaluated work in a subject except end semester answer scripts will be returned to the students promptly. End semester examination answer scripts shall be preserved by the concerned Department and the sheets containing details of marks converted to grades, shall also be preserved by the teacher(s) concerned.

15.3 Changes in Grades Already Awarded: If a student feels that the grade awarded to him/her in a course is not correct, he/she may request the teacher of the course to show him/her the end semester answer script in order to ensure that all the questions have been evaluated, within two weeks from the date of starting of the next semester.
15.4 If a student is not satisfied with the result in any subject(s) in any examination even after seeing the answer-script(s) from the faculty may apply for review of marks of the subject(s) on payment of a fee of Rs.500.00 per subject within 30 days from the date of starting of the next semester.

15.5 **Distribution of 20 marks of internal assessment in theory subjects:-**

The distribution of 20 (twenty) marks of internal assessment in theory subjects at the undergraduate level will depend on the faculty concerned. The break-up of the mark will be as follows:-

- **Attendance** 05 marks
- **Written test/quiz** 15 marks
  
  **Total** 20 marks
- 1 **Number of test** 3 minimum

If any faculty wants to deviate from the above provision he/she shall obtain approval from the Dean(Academic) at the beginning of the semester.

15.6 **Distribution of 20 marks of viva-voce in practical subjects:-**

The distribution of 20 marks of viva-voce will be as follows :

- **Written test/quiz** 10 marks
- **Viva-voce test throughout the semester** 10 marks
