

A FRAMEWORK FOR TRANSPARENCY AUDIT

The RTI Act under section 4 provides a comprehensive framework for promoting openness in the functioning of the public authorities.

While Section 4(1) (a) provides a general guideline for record management, so that the information could be easily stored and retained, the sub-sections b, c and d of Section 4 relate to the organizational objects and functions. Sub-sections (b), (c) and (d) of Section 4 of the RTI Act and other related information can be grouped under six categories; namely, 1-organisation and function, 2- Budget and programmes, 3- Publicity and public interface, 4-E. governance, 5-Information as prescribed and 6. FROM ... TO THERE ... *A journey towards excellence...*

Strategic planning is an ongoing process and it needs to be changed from time to time to cope with the changing environment. Therefore, it requires continuous evaluation and monitoring of the projected plan for effective implementation. This Institute is passing through a transition from state level college to an Institute of National Importance. A sudden step up in level created a major impact on internal as well as external environment due to changing profiles and expectation of stake holders such as students, Faculty, Staff, Alumni, Socio-economic, cultural and geographical location factors. It requires total quality management, (TQM) practices to achieve the projected goals. For sustainable development it needs sustainable planning. In the era of liberalization, privatization and globalization, NITA emphasizes on business sense to remain globally competitive and opening up door for entry of large number of foreign students.

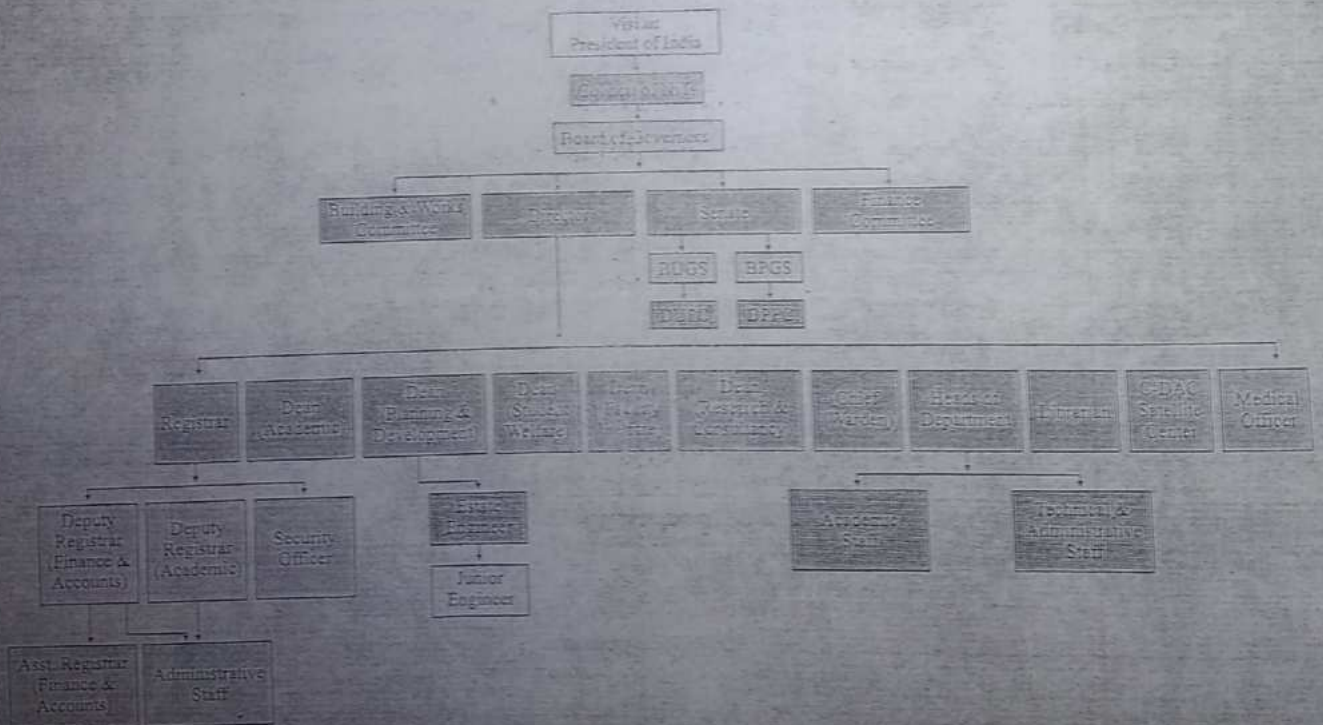

Finally, what prompts an Institute to improve is the understanding of its relative position in the changing environment - whether it is the leader or a follower-how to achieve the excellence. Hopefully, this strategic plan- 2010-20 NIT Agartala will provide guidelines to take appropriate actions towards its journey to excellence.
